

Laptop Ergonomics

When using a laptop on a desk:

The screen is too low - increasing stress on back, head, neck and shoulders.

The keyboard is too small - increasing stress on shoulders, arms and wrists.

The onboard pointing device is usually positioned centrally - increases stress on forearms and wrist, with increased threat of Carpel Tunnel Syndrome.

The correct use of laptop on a desk:

Position laptop on a riser - lifting screen to eye level, the correct ergonomic height.

Use an external keyboard and mouse - relieving the stresses of incorrect posture and gaining access to the extra functionality of an enhanced multimedia keyboard and optical mouse.

3M NOTEBOOK SOLUTIONS

IT'S NOT JUST ERGONOMICS ANYMORE!

Comfort, anywhere you work

You may be one of a growing number of people who find themselves working beyond the confines of their desks – in airports, hotel rooms, at home, in coffee shops. The solutions offered here are designed to help you be more comfortable wherever you work, whether at the office or on the go.

LX451 Optical Mousing/ Numeric Keypad

Two devices in one means less peripherals to carry. No more "hunting and pecking" for keys on notebook computers. Three-button scroll mouse with integrated numeric keypad and convenient travel bag. Features USB connectivity and 30" retractable cable. 30 day warranty.

LX410 Optical Travel Mouse

Designed for "on the go" notebook users. Incredibly small, but amazingly comfortable to use. Two-button optical mouse with scroll wheel. 30" USB retractable cord. Plug and play capability on all PC and Mac operating systems. Includes storage case and instruction booklet. Measures 2 3/4" long. 30 day warranty.

LX210BE 3M™ Precise™ Optical Mousing Surface

Ultra-thin, portable mouse pad with repositionable adhesive, designed specifically for notebook users. Stows conveniently on back of notebook. Blue Water design. 30 day warranty.

Notebook Privacy Filter

Helps provide privacy and protection for LCD screens while travelling or when viewing sensitive data in high traffic areas. Black out screen images from a side view. Fits notebooks from 12 inches - 19 inches, yet also suits Desktop LCD monitors. Comes with two different attachment systems. Stays in place even when laptop is closed. Lifetime warranty.

LX550 Vertical Notebook Riser

Position your notebook screen at an ergonomically correct height while taking up less desk space than the LX500. Riser has 3 inches of vertical adjustability and is compatible with most docking stations. Cable management feature keeps cords organized. Non-skid base. Helps free up desk space. Black and Silver. 30 day warranty.

DH445 Flat Panel Document Holder

Sleek, lightweight design works beautifully with flat panel monitors and traditional desktop CRT monitors. Grooved ledge with height adjustable clip secures sheets in portrait or landscape view. Swings out of way when not in use. Black/Clear. Sheet capacity*: 35 sheets. 30 day warranty.

* DH445 sold separately

LX500 Adjustable Notebook Riser

Raise your notebook to an ergonomically correct height and free up desk space. Height adjustable from 4 to 6 inches in 1/2" increments. Slots in platform help keep notebook ventilated. Cable management feature keeps cords organized. Also includes side shelves and adapter for 3M™ DH445 Document Holder (document holder sold separately). Compatible with docking stations. Supports up to 15 lbs. Black. 30 day warranty.
