PRODUCT INFORMATION

Avery® is the name you know and trust for Labels. The Print or Write range is a compact solution in handy 6" x 4" sheets that are easily fed through the envelope tray in your printer. The small number of labels per sheet means that you don't have to waste them when you've finished printing, just handwrite on the ones that are left. Give your projects or presentations the professional appeal that your hard work deserves! Labels are ideal for colour coding, filing, identification and small batch mailing.

- Labels are suitable for use in Colour & Mono Laser printers & Inkjet printers.
- Instructions for use are printed on the back of each sheet.
- Comes in a handy resealable pack, in the perfect size for your desk drawer.
- Templates available in Microsoft Word, Avery® Design Pro or on <http://www.averyproducts/au/downloads/wizard.html>
