ORDER THE BEST.

More Power. More Features. Superior Quality.

The intelligent way to shred

The **NEW** IntelliShred™ 100 % Jam Proof Shredders feature a sophisticated sensor that measures the width of a paper stack. If it's too thick, the sensor will disengage, stopping the paper jam before it can happen. Indicator lights allow the user to maximise sheet quantity per pass.

SilentShred™ Performance

Ultra quiet operation for shared workspaces

SafeSense® Technology

Stops the shredder immediately when hands are too close to the paper opening

Energy Savings System

Optimizes shredder efficiency to reduce energy costs

Mess Reduction

Reduces fly away shreds and prevents paper build up on cutters

36055	C-380, C-380C, C-480, C-480G	1260mm x 2040mm	178	50
36056	C-325i, C-325Ci, C420, C-420G	960mm x 1840mm	148	50

SHREDDER OIL

- Enhances the performance of all Cross-Cut Shredders
- As a general rule, a shredder should be oiled every time the bin is emptied. This can be achieved by squeezing a line of oil directly over the shredder's paper entry and pressing the forward button
- 350ml squeezable bottle

Code: 35250
