

WHAT IS RECYCOLOGY?

The RECYCOLOGY range from PENTEL is a new range of planet-friendly filing products that help make the world's resources go further.

Made from more than 50% recycled materials they use fewer valuable virgin resources, but recycled materials do not have to mean inferior quality.

All our products are of superior finish and styling, which enhances your environment as well as protecting it.

So, when looking for a quality product that doesn't cost the earth look for the RECYCOLOGY logo.

Produces no toxic gases when burned
More than 50% recycled PP materials
More than 50% recycled paper

DOCUMENT ENVELOPE

Unlike popper closures, unique tab insert keeps contents neat – even when stacked

- Takes documents up to 240 x 310mm maximum size
- Envelope-style design prevents documents from falling out
- To close securely fold tab on reverse to first crease and insert all the way upwards into slot as far as second crease
- Made from stain and humidity-resistant polypropylene
- More than 50% recycled content

If the tab at the top is set face up, documents do not fall out if shaken or turned upside down.
